

COLD STORAGE JUST GOT EASIER

Skidded & Trailered Cooler/Freezer

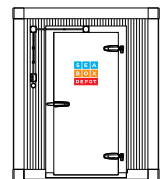

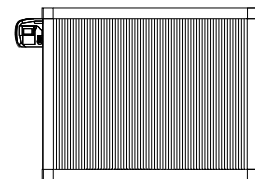

Our cooler/freezer units are manufactured in 2 standard sizes with a stationary or mobile option. Rated for outdoor operations, fully insulated with 4" polyurethane walls. Designed to ensure there is no thermal bridging resulting in higher cooling performance and lower power consumption. Indoor models are also available.

- Weatherproof and built for tough climates
- Easy to use Plug & Play unit
- Fully sealed 38" x 76" insulated door with heat strip & vent
- Easy to clean 4" polyurethane insulated paneling
- Aluminium checker plate flooring
- Vapour proof light and electrical
- Automatic hot gas defrost
- Versatile unit for multiple applications
- Achieves temperatures from 0°F to 50°F
- 6845 BTU/h cooling capacity
- 104°F operating temperature
- Digital thermostat with digital blue readout
- Ecological refrigerant
- Reliable & quiet operation
- Single Phase 115V 15 amps 60 Hz
- Chrome plated aluminium flashing
- Rust proof
- * Aluminium trailer with 2-5200 axel (mobile units only)

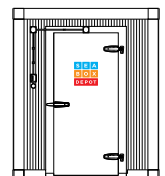

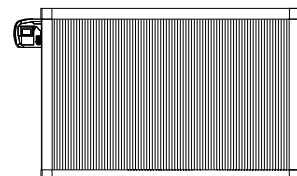

COOLER BOX S1000

DIMENSIONS:	Inner : 112" x 73" x 84"	Outer: 120" x 81" x 92"
VOLUME:	400 ft ³	11.3 m ³
PERFORMANCE:	Cooler 0°C (32°F)	Freezer -18°C (0°F)

COOLER BOX S1200

DIMENSIONS:	Inner : 136" x 73" x 84"	Outer: 144" x 81" x 92"
VOLUME:	485 ft ³	13.72 m ³
PERFORMANCE:	Cooler 0°C (32°F)	Freezer -18°C (0°F)

- Performance at 35°F room temperature and 86°F ambient temperature.
- Refrigeration capacity is based on the following operating conditions: outside temperature 86°F, RH 50%.
- Units are designed to run on shoreline power with a dedicated 20A circuit. Suggested minimum generator size is 6500w.
- Performance and temperatures depends on application, please refer to the cooler user manual.

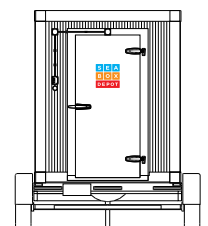

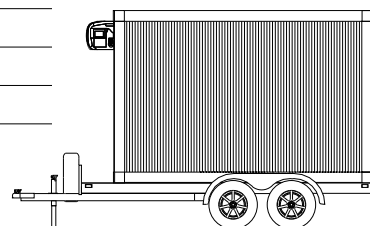

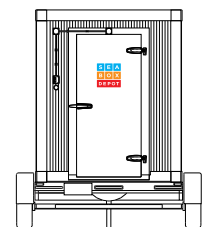

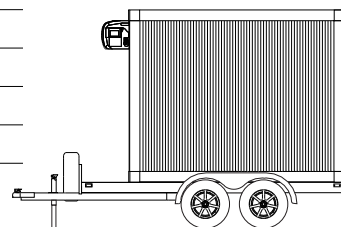

COOLER TRAILER T1012

DIMENSIONS:	Inner : 112" x 73" x 84"	Outer: 120" x 81" x 92"
VOLUME:	400 ft ³	11.3 m ³
PERFORMANCE:	Cooler 0°C (32°F)	Freezer -18°C (0°F)
TRAILER:	12 Feet Long	

COOLER TRAILER T1214

DIMENSIONS:	Inner : 136" x 73" x 84"	Outer: 144" x 81" x 92"
VOLUME:	485 ft ³	13.72 m ³
PERFORMANCE:	Cooler 0°C (32°F)	Freezer -18°C (0°F)
TRAILER:	14 Feet Long	

WARRANTY: 6 months on labour for cooler unit and insulated box.
18 months on parts for cooler unit and insulated box. 5 years on trailer.

SeaBox Depot is proud to supply our customers with quality, reliable refrigeration that they can trust.

SeaBox Depot designs and builds smart structure solutions for residential and commercial storage across a variety of sectors from construction, energy, military, and education, to name a few. With fifteen plus years of experience in the industry, it's safe to say we consider ourselves experts. We are passionate about providing the right prefabricated container or creating a customized modular structure to meet our clients' unique specifications.

Our 200,000 Sq Ft CSA A277 approved manufacturing facility is located in Leduc, Alberta. We provide design, engineering, manufacturing, fabrication, custom modifications, and product delivery.
