

COLD SHIPPING YOU CAN TRUST

20 & 40 Ft Container Refrigerator Units

Our Refrigerated Containers are manufactured in 20' and 40' lengths. They are easy to transport by truck, rail and sea, or use as a stationary outdoor unit. They are designed for Deep Frozen, Frozen, Chilled or Heated food storage which makes for the perfect flexible product while being easy to repurpose or re-sell in the future. Built to last for 20 years in tough transport & ocean salt spray conditions while stacked 8 high, these reefer units are the ideal solution for serious outdoor storage that will last. With Thermo King equipment and 5 year warranties, you have peace of mind when you purchase a R20 or R40 from SeaBox Depot.

- Weatherproof and built for tough climates
